

MOON FESTIVAL LANTERN

This simple tube lantern can be adapted for any Chinese theme or event and is great for all ages. Here I've used a Jade Rabbit wrap design for celebrating the Mid-Autumn Moon Festival.

Tools and Materials:

- Colored bond weight 8 1/2" x 11" paper
- Colored bond weight 3" x 11" paper
- Yarn or twine
- Coloring tools
- Stapler or tape
- Scissors
- Glue stick
- Hole punch

STEPS:

1. Print out or copy template (note- there are two horizontal images per page)
2. Color in and decorate design
3. Cut "fringe" along smaller strip of paper, being careful to keep it in one piece
4. Glue wrap design on to center of large paper
5. Glue uncut edge of fringe to inside of bottom edge
6. Construct a tube shape and tape or staple at top and bottom
7. Punch a hole on each side of the tube's top and tie a handle on
