

JADE RABBIT LANTERN

This simple cup lantern is great for all ages. Here I've used a Jade Rabbit design for celebrating the Mid-Autumn Moon Festival.

Tools and Materials:

- Paper party cup
- Chenille stem
- LED tea light
- Scissors
- Coloring tools
- Hole punch
- Glue stick

STEPS:

1. Print out or copy template and cut out designs (duplicates provided)
2. Color in and decorate design
3. Punch two holes near cup rim opposite each other
4. "Squash" the cup so holes are in the middle and cut some shapes on each side
5. Reshape cup and add chenille stem for handle
6. Glue graphic inside rim of cup, between the handle holes
7. Place tea light in cup
